

Facing a life-limiting illness can feel overwhelming. At Grand Hospice, we provide holistic care for mind, body, and spirit — giving patients comfort and families peace of mind. Because every moment should be filled with dignity, compassion, and love.

At its core, hospice is people caring for people. Our goal is to support patients and their loved ones by addressing medical, emotional, and spiritual needs in a deeply personalized way.

Our team's mission is to walk alongside your family and offer the utmost peace of mind. Choosing hospice is not about giving up—it's about taking control of your care plan and making the most of each day.

We are honored to be part of your journey, and we hope you feel truly blessed by the care and commitment of our team.

– Marcos Soto  
Co-Founder, Grand Hospice

## ABOUT US

Grand Hospice was born from a desire to return to the old ways, when communities cared for their own. We believe that life's greatest calling is to love others through both our words and actions. **Our mission is simple: to be a blessing to everyone we meet.**

Matthew 22:36-40

As a Texan-owned and operated agency, Grand Hospice is deeply committed to the communities we serve. Through outreach, education, and volunteerism, we strive to make a meaningful difference every day.

"Love is how we stay alive, even after we are gone."  
- Mitch Albom

## SERVICES

Our care comes to you. Our team is available 24/7, wherever you call home.

Grand Hospice maintains a holistic approach to patient care. Focusing on overall wellbeing: mind, body, and spirit. Our goal is to ensure our patients have the best day possible.

Our compassionate care team is made up of experienced Doctors, Nurse Practitioners, Nurses, CNAs and Caregivers, Social Workers, Chaplains, and dedicated Volunteers.

Our team develops a personalized plan of care for each patient. We value and encourage your involvement to ensure your wishes are honored and your needs are fully met.

Our team provides compassionate counseling and spiritual support, both during care and after a patient's passing.

Hospice provides medical equipment to help create a safe and functional environment for our patients.

Hospice provides medications and medication management.

Hospice provides medical supplies to enhance our patients' quality of life and preserve their dignity.

Hospice care is a covered benefit through Medicare, Medicaid, and most private insurance companies.

Hospice is a team effort. At Grand Hospice, we believe our patients and their loved ones are the most important part of the team.
