What is hospice?

Hospice is a specialized type of care for individuals with an **end-stage terminal illness** and **prognosis of 6 months or less**. It is the **highest level of in-home, government-funded care** available in the home.

Hospice acknowledges that curative or aggressive treatments may cause more harm than good at this stage, and instead focuses on **comfort, choice, and symptom management** to make the most of the time they have left.

Why Orange Hospice?

PERSONALIZED CARE

We meet patients and families where they are, customizing their care around their unique values and wishes.

ABOVE & BEYOND

We provide exceptional service to support patients and their families, ensuring they do not feel alone in their journey.

COMMUNITY

We donate a fraction of our profits to HEAL OC, our non-profit branch that assists those experiencing the loss of a loved one, or loss of their own independence.

DEPENDABILITY

Our care is accessible 24/7, with a nurse on standby at all times to provide support over the phone or at bedside. You can depend on us when you need us most.

"What more can I say other than Orange Hospice is heaven sent...Their willingness to go **above and beyond** what was expected was beyond measure. I will forever be grateful to God for leading us to this place in our time of need."
